

Press Release

CityLife – Allianz MiCo, 24–25 June 2026

REGISTRATION NOW OPEN FOR FASTENER FAIR ITALY 2026, ITALY'S LEADING EVENT FOR FASTENER AND FIXING INDUSTRY

Milan, 16 February 2026 – The fifth edition of **Fastener Fair Italy**, the biennial exhibition dedicated to the fastener and fixing industry, is drawing ever closer. The event will take place **from 24 to 25 June 2026 at CityLife – Allianz MiCo in Milan**.

Online registration is now open and for a limited time you can secure complimentary access to this two-day exhibition dedicated to fastening technologies. National and international manufacturers and distributors will showcase their products and services, presenting the latest innovations and technological developments in the sector.

The exhibition is expected to welcome **approximately 3,700 industry professionals** and **around 200 exhibitors** including **more than 100 international companies** from Germany, France, Spain, the United Kingdom, Turkey and China, in addition to Italy, the leading exhibiting country. Confirmed exhibitors include Ambrovit, Berardi Bullonerie, Bontempi, Corbetta Ermanno, Fastbolt, Gandini, Index/Chavesbao, Vilux Viterie, Vipa, Viteria Fusani and Viteria Smel, among others.

The event offers a valuable platform to build strategic industry connections and discover new product launches and breakthrough technologies shaping the future of the fastening and fixing sector.

A comprehensive overview of the fastener and fixing industry

Fastener Fair Italy 2026 will once again provide visitors with a **comprehensive and highly focused overview** of the fastener and fixing industry. The exhibition will showcase solutions across the entire value chain, from high-performance industrial and construction fasteners engineered for demanding applications to advanced assembly and installation systems that enhance precision, speed and repeatability.

Visitors will also have the opportunity to **explore the latest fastener manufacturing technologies**, including production machinery, quality testing and surface treatments, as well as intelligent storage, distribution and factory equipment solutions designed to optimise operational performance, compliance and traceability. The event provides a unique platform to discover innovations first-hand, compare technologies and connect with industry experts.

Applications are wide-ranging, spanning construction, automotive, mechanical engineering and industrial manufacturing sectors. Visitors will gain a comprehensive overview of reliable fastening and fixing solutions designed to enhance efficiency, support maintenance processes and ensure consistent performance across diverse operational environments.
